

# PRAGATI SINGH

Full Stack Developer (MERN | Next.js)

Delhi, India | +91 6386348449 | pragatisingh0417@gmail.com | [LinkedIn](#) | [GitHub](#)

## PROFESSIONAL SUMMARY

Full Stack Developer with 2+ years of experience building scalable, production-grade web applications using React, Next.js, Node.js, and MongoDB. Proven track record delivering secure authentication systems (JWT, Google OAuth), real-time features with Socket.io, and REST APIs across e-commerce, booking, and CMS platforms. Strong focus on responsive UI design with Tailwind CSS and performance optimization. Currently expanding expertise in Docker for containerized deployment workflows.

## WORK EXPERIENCE

### MERN Full Stack Developer Executive — Gemweb Services

Aug 2025 – Present | Delhi

- Develop and maintain full-stack web applications using React.js, Next.js, Node.js, Express, and MongoDB.
- Implement secure authentication features including JWT and Google OAuth login, email verification, and role-based admin/CMS dashboards.
- Design and optimize responsive, user-friendly interfaces with Tailwind CSS.

### Full Stack Developer — Braintech Info Solutions

Jan 2024 – Jul 2025 | Gurgaon

- Developed and deployed full-stack web applications using React.js, Node.js, Express, and MongoDB.
- Implemented secure authentication systems including JWT, Google OAuth, and email verification.
- Built admin dashboards and integrated real-time features using Socket.io, improving booking and chat UX.
- Designed responsive, performance-optimized user interfaces using Tailwind CSS, JavaScript, and Bootstrap.
- Managed CMS-based websites (WordPress, Wix) and handled deployment, domain configuration, and hosting on Vercel, Render, and Hostinger.
- Improved website speed through code optimization and asset compression; used GitHub for version control and collaborative development.

### Customer Support Executive — Tech Mahindra

May 2023 – Nov 2023 | Noida

- Provided front-line customer support, achieving a 90% first-contact resolution rate.
- Developed strong communication and client-handling skills applicable to product and client-facing roles.

## PROJECTS

### Rani Designer Hut — Jewellery E-Commerce Platform [Live Site](#)

Full-stack e-commerce platform for a UK-based jewellery brand, built end-to-end (frontend, backend, and admin panel) using Next.js and Node.js.

- Built a dynamic storefront with category browsing, product collections, wishlist, and cart functionality.
- Developed the backend and admin panel for managing products, categories, and orders.
- Integrated Stripe for secure online payments and order processing.

Tech Stack: Next.js, Node.js, Stripe, MongoDB, Tailwind CSS

### Vaccom — Vacuum & Cleaning Equipment E-Commerce Platform [Live Site](#)

Full-stack e-commerce platform for an Australian vacuum and cleaning equipment retailer, built end-to-end (frontend, backend, and admin panel) using Next.js and Node.js.

- Built a product storefront with category and brand-based browsing, search, and cart/checkout flow.
- Developed the backend and admin panel for managing products, inventory, and orders.
- Integrated Stripe for secure online payments and order processing.

Tech Stack: Next.js, Node.js, Stripe, MongoDB, Tailwind CSS
